Salling Dam Owners Sent Removal Order

By Irene Pettyjohn

The future of the Salling Dam and Salling Lake is again being discussed by DNR Fisheries and Land and Water Management personnel.

The DNR is concerned regarding the safety of the Salling Dam. This concern has been shared with the DNR by dam owners, Salling Lake residents, and Crawford County officials since November 1980, when an Army Corp of Engineers' national dam safety inspection report made the following five recommendations:

—The heavily damaged spillway be repaired or replaced.

—The trees and brush be removed from the earthen walls of the dam, and grass cover planted to protect against erosion.

—The slopes of the earth walls be repaired.

—A warning system be installed to notify people downstream during high flood stages or other emergency situations.

—And finally, an inspection and maintenance plan be developed.

The DNR notified dam owners, Mr. and Mrs. Warren Graham and Mrs. Augusta Katona, in a letter dated 7-31-81 that they concurred with the Army Corp report. The letter requested that Water Management Division be notified within 90 days of the owners intent to repair the dam, that repair plans be prepared by a registered professional engineer, approved by the department, and that department permits be secured before repairs were started. Repairs were never started.

DAM DETERIORATES

Four subsequent DNR inspections reported that the dam continued to deteriorate.

Act 184 of 1963 Dam Safety, Section 2-C, provides authority to the DNR to order owners of dams it considers hazardous to engage the services of a licensed professional engineer to inspect, and submit to the Land and Water Management Division a report stating the dam's condition. Cook, Chief of Hydrologic Section, Land and Management Division, stated that following the latest inspection, October 21, 1987, the DNR issued this order, via registered mail, to the Salling Dam owners, Mr. and Mrs. James F. Clark and Mrs. Augusta Katona.

According to Cook, the owners have not responded.

Cook reported that the attorney general's office and the Environmental Enforcement Division have taken this problem under advisement.

Cook stated that a notice of violation and an order to take corrective action were issued on Tuesday, June 21. These orders were issued to the Salling Dam owners, Mr. and Mrs. James F. Clark, and to the personal representative for the estate of Mrs.

Augusta Katona, Lois Coleman.

Cook further explained that the order requires that a plan for the removal of the dam be submitted by a licensed professional engineer within four months, and removal of the dam be completed within five months following DNR approval of the submitted plan.

"This action was taken," said Cook, "after all previous requests for repairing the dam were ignored."

EXPENSIVE ADDITIONS

Property owners and Crawford County officials, in an attempt to comply with DNR regulations, filed a suit requesting that Circuit Court Judge William A. Porter establish a lake level for Salling Lake. The lake level would have made the county responsible to repair and maintain the dam. To finance the project the county intended to designate a special assessment district composed of Salling Lake residents.

During this suit, the DNR introduced two additional requirements for the proposed new spillway: a cold water bottom drain, which would release only the coldest lake water into the AuSable, and a fish ladder to allow for the migration of fish upstream. These added features sent the estimate of between \$130,000 - \$170,000 submitted by Granger Engineering of Gaylord soaring to \$440,000. Upon learning of the increased expense, property owners dropped the suit.

Friday Diamond Jubilee Events Attract 2,000

Camp Grayling's 75th anniversary celebration shifted into high gear last Friday with a variety of displays, demonstrations and the Annual Review of the Michigan Army National Guard troops.

A free concert by country-western star Jerry Reed and a fireworks display capped the evening.

Activities marking Camp Grayling's Diamond Jubilee began Friday noon with displays and demonstrations of military equipment, from tanks to helicopters. There also was a special horseback cavalry drill and a parachute jump onto the parade field.

As officials, family members and visitors looked on from the grandstands at Camp Grayling, troops training here marched on to the parade field for the Annual Review of the troops. The soldiers were reviewed by Lt. Gen. Fredric Brown, 4th Army Commander; Maj. Gen. Vernon Andrews, Adjutant General of Michigan National Guard; and other senior officers.

During the ceremonies the Adjutant General of the Michigan National Guard was recognized by the federal government for his aggressive leadership style and dedication to the Army.

Fourth Army Commander, Lt. Gen. Fredric Brown presented Maj. Gen. Vernon J. Andrews with the Legion of Merit Award.

The Legion of Merit is one of the highest awards given to members of the military.

The citation accompanying the award commended Maj. Gen. Andrews for his "un-

tiring and unselfish devotion to duty, keen sense of planning and commitment to keeping Michigan National Guard units combat ready."

Maj. Gen. Andrews has served as Michigan's Adjutant General since May 9, 1983. Maj. Gen. Andrews and his wife, Grace, reside in Lansing.

Following the review, visitors mingled with Guard personnel at festive outdoor concessions that served up barbecue chicken dinners, other food and beverages.

As darkness fell, "Smokey and the Bandit" star Reed came on stage for a free concert. Reed, himself a former Army private, performed a range of his hit songs, chatted about his military career, his start in show business and a memorable musical session with Elvis Presley.

The evening ended with a 25-minute fireworks display over Lake Margrethe.

Col. Jack Remer, Deputy Commander of the 177th Military Police Brigade, said an estimated 2,000 people turned out for the festivities. Events on Saturday included more displays and military demonstrations at Camp Grayling. In Grayling, folk singers, jugglers and a mime troupe performed.

Homecoming Week activities ended Sunday with a "Freedom of Religion" celebration at the Camp Grayling Parade Field. Grayling-area clergy and National Guard chaplains, a community choir and the 126th Army Band gave thanks for "freedom's worth defending."

All events were open to the public.

62 Marijuana Plants Confiscated in South Branch

Sixty-two marijuana plants, with a street value of \$62,000, were confiscated on Thursday, June 23, by State Police officers and personnel from the Department of Natural Resources' Law Division.

Sgt. Floyd Millikin, from the Houghton Lake State Police Post, reported that following an anonymous tip, State Police and Conservation Officers approached a residence in Section 31 of South Branch Township near Stephan Bridge Road and Pioneer Road. A male suspect was observed running from the house into a wooded area. Officers pursued the man, who led them to a large garden where the illegal plants were growing.

Warrants have been issued for one male and one female, both from Ferndale.

When officers arrived at the South Branch residence, they also found an illegal bonfire burning in the back yard.

Auto Accident Injures 3

A single car accident on the southbound lane of I-75, ¼ mile North of Four Mile Road, sent three Michigan National Guardsmen to Mercy Hospital.

The accident occurred at 8:05 p.m. when the driver lost control of his automobile. The auto hit the guardrail and flipped over.

The three men, all from the Detroit area, were training at Camp Grayling.

Police are still investigating the accident. The Crawford County Sheriff's Department said that there was alcohol involved and that seat belts were not used.

Agencies that responded to the accident were: Northern Ambulance, Crawford County Ambulance, Crawford County Sheriff Department, Michigan State Police Canine Unit from Alpena, and Camp Grayling Military Police.

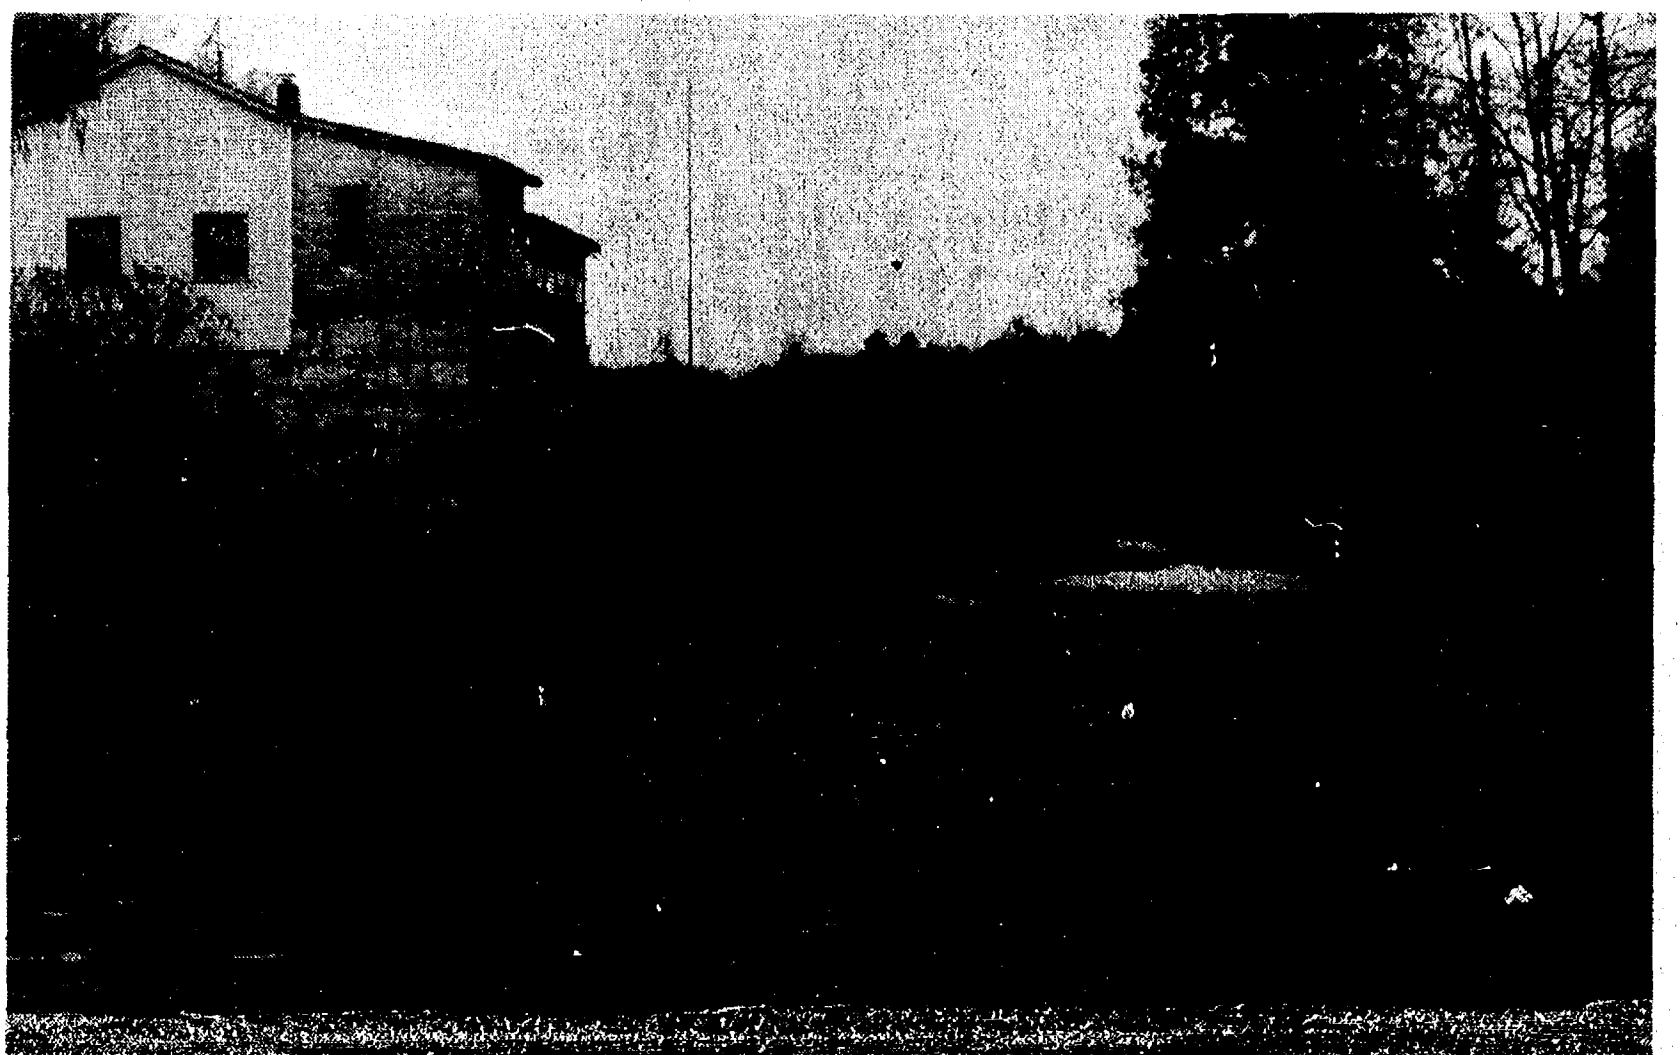

Blood Bank Scheduled At American Legion

Blood continues to be in acutely short supply throughout the State of Michigan - in many areas non-emergency surgery is being postponed because of the shortage - and, unfortunately, the Holiday periods are sub-normal blood donating periods.

Blood Donors of Crawford County, please mark your calendars now and plan to come to the American Legion Hall between Noon and 6 p.m. Wednesday, July 6th, to give a pint of your blood.

That pint might make the difference between timely surgery for some fellow woman or man and keeping them healthy and alive.

Remember the Dial-A-Ride will come and get you and bring you to the Legion Hall and take you back home without charge if you come to donate a pint of your blood. Just dial 348-5409.

Anger, Febey Win Music Scholarship

Adam Anger and Karen Febey of Grayling were awarded music scholarships at Blue Lake Fine Arts Camp for summer study. Adam Anger, the son of Rodger and Peggy Anger, is a member of the GMS Band. Karen Febey, the daughter of Barb and Rick Febey, is a member of the GMS Band. Music scholarships are awarded by Marshall Music Company of Lansing to those students deemed most worthy.

Correction

The Grayling Youth Booster Club annual July 4th fireworks display will be held in downtown Grayling this year (see front page). A schedule of Diamond Jubilee events published on page 12 of the June 23rd Avalanche incorrectly stated the July 4th fireworks would be at Lake Margrethe.

Missing Stop Sign Leads To Accident

An accident on Monday, June 27, involving a Dial-A-Ride bus and a local resident injured one bus passenger, Mrs. Baker of Grayling. She was transported to Mercy Hospital by the Crawford County Ambulance, and was later transferred to Munson Medical Center in Traverse City. The collision occurred at the corner of Ogemaw and Plum Street at approximately 9:10 a.m. Bill Worden, 55, was the driver of the Dial-A-Ride bus, and Duane Petrie, 57, of Grayling was the driver of the second vehicle. Grayling City Police Officer, Dennis Long, explained that the stop sign that is usually in place at the intersection facing Ogemaw Street was removed sometime early Saturday morning. Long stated that the cause of the accident is being attributed to the absence of the Ogemaw stop sign. The removal of the Ogemaw Street stop sign is being investigated as is Monday's collision. No citations are expected to be issued.

Malicious Destruction Warrants Issued For Mailbox Damage

An investigation by State Police officers from the Houghton Lake Post has resulted in warrants for malicious destruction of personal property under \$100 being issued for three Roscommon youths. The investigation was ordered following numerous complaints of destruction of mailboxes and other personal property in the South Branch Township area. The warrants for the three male suspects, 17 and 18 years of age, were issued on Thursday, June 23. Sgt. Floyd Millikin also reported that four juveniles were cited in Probate Court, and that he expects at least six additional warrants to be issued in connection with their investigation. Police suspect that the youths may have been playing "Mailbox Baseball."

Campground Larceny Suspects Arrested

Four suspects were arrested on Saturday, June 25, after Crawford County Sheriff's deputies responded to a larceny in progress call at Pine Knoll Campground. The officers arrived at 3:00 a.m. as the four suspects were leaving in a vehicle. They were apprehended immediately, and arrested for larceny over \$100. Several ice coolers were recovered. The Crawford County Sheriff Department was assisted by the Grayling City Police and Camp Grayling Military Police. The incident is still under investigation.

Pro Soccer Player To Host Clinic Here for Coaches, Players

Larry Best, a pro soccer player, will conduct a soccer clinic for local soccer teams and coaches at 5:30 p.m. at the GHS band practice field Thursday, June 30. Basic skills and drills will be covered and players will breakdown into groups for demonstrations. It will be a 2 hour clinic from 5:30-7:30 p.m. and a pre-clinic meeting will be held at 5:00 p.m. for the coaches. Best currently plays for the Washington Diplomats at RFK Stadium in Washington, D.C., and he coaches the Virginia State Women's Soccer Team. They have the U.S. National Championship title and have won the East Coast Region One five times. He is also the U.S. Promotion Manager for the Diadora Soccer, U.S.A. Best is requesting help from the local coaches for the pre-clinic and the clinic. Please call the 4-H office for further information and to register, 348-2841 ext. 264. The clinic is sponsored by the Grayling Chamber of Commerce.

Summer Camp Opens For Kids With Cancer

A new summer camp for children with cancer will be held north of Muskegon,

near Montague from July 24-31. There is no charge or fee for this summer camp. It's free.

Activities offered include a two-hour canoe trip, non-competitive games where everyone wins, plus all kinds of traditional summer activities like swimming, archery, boating and fishing. Camp "Catch-A-Rainbow" is possible because of the ongoing support that the American Cancer Society receives from people in Grayling, Frederic, Lovells, and other cities.

If you know a child who might want to attend this new summer camp for children with cancer, call this toll-free American Cancer Society number for more information: 1-800-ACS-2345.

Busy 4th of July Tourist Weekend Expected

State residents and visitors appear set to swing out on what most travel officials say should be Michigan's busiest Fourth of July weekend in history, AAA Michigan reports.

"If the warm weather and sunny skies continue, Michigan tourism should exceed last year's July 4th activity by at least 6 percent," said Brian Potter, AAA Michigan Touring manager.

Among those who concur is David Littmann, first vice-president and senior economist of the Manufacturers National Bank of Detroit. "Michigan's economy is already very good this year and we look for at least a 5 percent improvement from 1987 in spending on accommodations, restaurants, fuel and tourism attractions," said Littmann. Mackinac Bridge Authority officials foresee at least 101,000 vehicles crossing the five-mile span this holiday weekend, 5 percent more than last year. A similar increase for attractions in the 11-county Metropolitan Detroit region is seen by the Southeast Michigan Travel and Tourist Association.

The Michigan Travel Bureau expects holiday spending to be above the 6 percent boost projected earlier this year for 1988. The Bureau notes that Michigan grossed \$14.8 billion on tourism last year, moving from 8th to 10th place in popularity among the 50 states.

Another strong indicator

of a tourism bonanza comes from the state Department of Transportation, which predicts a total of 910 million automobile miles being logged during the 78-hour holiday between 6 p.m. Friday (July 1) and midnight Monday (July 4). That would be a gain of 4.6 percent from last year.

"We recommend that travelers headed for campgrounds, parks and waterways in the Lower Peninsula arrive early, although the northeast area along Lake Huron and in the Upper Peninsula probably should be able to accommodate all comers," said AAA Michigan's Potter.

He added that resorts and public beaches along the Lake Michigan shoreline and campgrounds plus day-use parks near Detroit and the Detroit-Windsor International Freedom Festival rate as favored destinations during the holiday period.

To cope with additional traffic everywhere, Michigan State Police troopers will work 1,500 hours of overtime during the holiday and will be on patrol in full force, some in aircraft. They issued 8,378 tickets for various violations during the holiday period last year, arrested 186 intoxicated drivers, and investigated 17 highway fatalities.

Eye Care News

SQUINTERS HAVE PROBLEMS

QUESTION: Lately I've been noticing that my son squints a lot when he looks at things. Does this mean he may need glasses?

ANSWER: People who squint a lot probably need glasses. This is often a sign of nearsightedness. Nearsighted people who don't have glasses will squint to sharpen their focus when looking at something. This may solve the problem temporarily, but it can also cause eye-strain and headaches. And it doesn't do much for your personal appearance to have to squint when someone shows you something. Some adolescents tend to squint when they're growing up until they or their parents realize that they are nearsighted and need help. The problem may be in one eye or in both eyes. Only an eye examination will tell.

Opinions

Northern Views

By Jon Thompson

If you could take an accurate survey of people who have lived in Crawford County for 10 years or more, I would guess 95 percent have visited Hartwick Pines at least once.

How many of these Crawford County residents do you think have visited North Higgins Lake State Park? Thirty percent? Fifty percent?

How many Crawford County residents realize most of the North Higgins Lake State Park is located in Crawford County? How many know a small part of Higgins Lake is located in Crawford County?

When most people think of Higgins Lake, they associate it with Roscommon County - home of both Houghton Lake and Higgins Lake.

But the map shows North Higgins Lake State Park belongs more to Crawford County than Roscommon County.

Both North Higgins Lake State Park and Hartwick Pines State Park have plenty to offer.

Both have nice hiking and cross-country ski trails, playgrounds, and clean camping and restroom facilities.

Hartwick Pines has a trail for handicapped and blind persons, it has fishing lakes and the AuSable East Branch, and it has several museums showing the logging history in Michigan. Of course, Hartwick Pines also has the largest white and red virgin pine tract in the state.

North Higgins Lake State Park has a fitness trail and museums showing the state's tree seed gathering and nursery program. And, of course, the park also has boating and swimming areas on beautiful Higgins Lake.

So the next time someone asks you how many state parks Crawford County has - answer "2". Two of the best in the state.

U.S. Moves Closer on Welfare Sanctions, But State Plans Appeal

By Warren M. Hoyt
Michigan Press Association

Federal officials have moved another step closer to imposing \$42.2 million in penalties against the Michigan welfare system because of unacceptable error rates, but plans by the state to appeal could still delay imposition of the sanctions by at least several more months.

The state disputes the calculation of the amount of sanctions and contends the error rate standard is unreasonable, a conclusion it says is supported by recent federal studies.

In the latest move, the US Department of Health and Human Services on May 12 denied Michigan's request for a waiver of the sanctions for the 1981-82 and 1982-83 fiscal years for misspent money in the Aid to Families with Dependent Children and Food Stamp programs.

Similar requests by 39 other states and the District of Columbia were also denied and the department is expected to send out official notifications of sanctions once a Congressional moratorium expires June 30.

The state will ask the HHS Grant Appeals Board to overturn or reduce the penalties once the notice is received, said Harold Gazen, director of quality improvement for the Department of Social Services.

The state contends the sanction system is not fair, is not administered uniformly, is excessively punitive, and fails to consider factors such as subsequent state recoupment of misspent funds and collection of child support payments.

Gazen said the state is still hopeful the sanctions will never be imposed (only one state has been sanctioned since the system was implemented in 1981), noting reports by the General Accounting Office and the

National Academy of Sciences which support the contentions by the state that the system is unfair.

"When you have a quality control system that finds 90 percent of the states not meeting the threshold, then you either conclude that it is set unrealistically low or there are some other problems with the entire system outside the ability of states to control," Gazen said.

The \$42.4 million in penalties - part of which was first announced in December, 1986 - is just a portion of \$132.4 million in proposed sanctions against Michigan through the 1985-86 year in misspent, under-spent and overspent funds in the AFDC and food stamp programs.

It has always complied with federal standards in the Medicaid program.

The Reagan administration has included the sanctions - \$358.4 million nationwide for those two years - as revenue in its 1988-89 budget proposals. Proposed sanctions for years up to 1986 are in various stages of development, and Michigan has filed a request for waiver of 1983-84 sanctions.

Michigan's 1981-82 AFDC error rate was 8.2 percent, compared to the 5.7 percent standard set by federal officials, and 1982-83 rate was 9.1 percent, compared to a 4 percent standard. It has since cut the rate to 5.03 percent in the latest six-month period, while the federal standard is 3 percent.

The National Academy of Sciences recommended using a range of percentages to determine error rates, developing a way to more accurately determine past sanction amounts, elimination of technical errors in calculating error rates, and setting error rate thresholds that reflect state-to-state variations.

... about your Social Security

Blind or disabled people who receive Supplemental Security Income (SSI) payments now have special rules to encourage them to try to return to work. These special "work incentive" provisions of the law allow recipients to attempt to work without fear of losing all of their SSI checks or Medicaid coverage. Also, recipients whose SSI checks were stopped because their earnings made their income too high to receive checks may be able to receive checks again if they are no longer able to work.

People may still be able to get some SSI money while they are working, depending on the amount of work earnings. And if the earnings

are too high for a check from SSI to be paid, it is still possible that Medicaid coverage can continue, if the person needs Medicaid to continue working. If the work attempt is unsuccessful, SSI payments may be started again - often without filing a new SSI application.

Blind or disabled SSI recipients who work may also develop a "plan for achieving self-support", of PASS. This plan allows them to set aside some of their income or resources for a work goal and can mean an increased SSI payment. Some examples of work goals are education, vocational training, starting a business, or buying some work-related

equipment. Vocational Rehabilitation or Community Mental Health counselors may assist a person in developing a plan for achieving self-support. Or, contact the Social Security office for a free booklet and more information about all of the work incentive provisions for disabled or blind SSI recipients. The Traverse City Social Security office is located at 1111 E. Front St. The phone number is (616) 946-8360.

A representative is at the County Building in Grayling on the first and third Tuesday of each month, from 10:30 until 2:00. There is no phone service at this location. Callers should contact the Traverse City office.

Almanack

McCarthy running again

by Richard Millman

TIME ONCE AGAIN for one of our infrequent strolls, barefoot among the potpourri (but let's not stroll too fast in this hot weather).....

THE ANNOUNCEMENT didn't cause much of a ripple in the national political waters, but former Sen. Eugene McCarthy is running for president again this year.

Now 72, Mr. McCarthy sought the Democratic nomination in 1968 and 1972, then ran again in 1976 as an independent candidate. This time he will carry the banner of something called the Consumer Party.

"In a way," the former Minnesota senator explained, "we've been the responsible government in exile since 1968. In 1988, now 20 years later, the time has come to again challenge the two political parties.

Unlike old clock, old politicians never seem to run down ... they just run again. Mr. McCarthy proves it. So does Harold Stassen, who is 1988 was a formal candidate for President, too. And those who ask "Who is Harold Stassen?" cannot be classified as even casual students of politics.

PR QUESTIONED - You've got to wonder about the public relations savvy of George Bush's campaign communications head.

James Lake, who joined the Bush campaign as a fulltime volunteer, is chairman of a lobbying firm in Washington with a client list that includes Suzuki, Mitsubishi and the Japan Auto Parts Industries. Mr. Lake says of course he's going to keep these clients during his hitch with the Bush team; and furthermore he sees nothing wrong with it.

This is a top relations expert? Maybe in Michigan we're too close to the dire consequences of Japanese trade competition on the job market and our automotive economy; but from this vantage point, hiring Mr. Lake doesn't seem to be a very smart move by the Bush camp.

TRUMP'S CARD - Speaking of presidential candidates, millionaire developer Donald Trump early on was discussed in some quarters as a presidential possibility, but the boomlet never got on solid ground.

Even so, Mr. Trump from time to time talked of presidential politics. For example, at one point he was quoted as saying that America needs "a tough, smart cookie" for its leader - possibly Mr. Trump himself, it could be argued.

"We don't have tough people (in the race), Mr. Trump was quoted. "We have nice people. But I'm tired of nice people already."

He may have a point.

ON RETIREMENT - Bum Phillips, the former coach of the pro football Houston Oilers, was asked what he was doing in retirement. The reply:

"I ain't doing a damn thing, and I don't start until noon."

ON CINDERELLA - The oldest known story of Cinderella (or so I read in the newspaper the other day) appeared in a Chinese book written between AD 850 and 860.

The heroine, names Yeh-shien, was mistreated by an ill-tempered stepmother, but went from rags to riches thanks to a magic fish, a lost slipper, and marriage to a wealthy merchant.

I attach no political or social significance to this item; just though I'd drop it into the column.

NUTS AND JOLTS - Some column closers from Rod Shewell:

-If we get about one more trillion dollars in debt, prayer will probably come back to the classroom.

-Rest areas on expressways were never spaced by a mother with five kids.

-No man can stand on his own two feet when one of them is in his mouth.

-Pat a guy on the back too much and his head seems to loosen.

-A betting pool has no water, but plenty of fish.

-Back in the old west, no noose was good news.

A Look At Our Past

23 Years Ago
July 1, 1965
Mollie and Fibber, a pair of swans who have been Grayling resident for quite some time, announce the arrival of two little cygnets, not named as yet. The happy couple has been nesting down river from the M-72 AuSable River Bridge west of town. The Grayling Sportsman's Club, which sponsors the wildlife program here, reports that the Grayling Women's Club contributed \$25 toward the purchase of Mollie and Fibber.
Bells will ring for freedom on July 4th this year all across America.

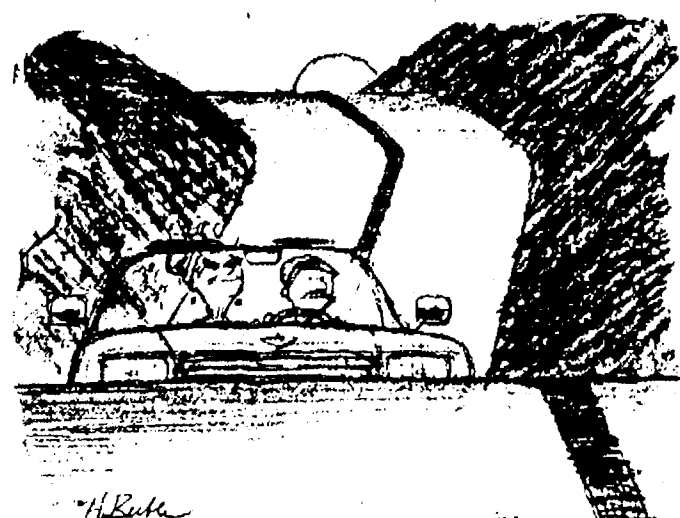

Church bells in Michigan will ring out at 1 p.m. (local time) in conjunction with this program as a reminder of the true meaning of the Fourth of July. Special observances are planned to pay tribute to the men who, 188 years ago, pledged their lives, their fortunes, and their sacred honor as they signed the Declaration of Independence.
Mr. and Mrs. Willard Cornell were in Detroit last week to see their daughter, Barbara off Wednesday on a six-week European trip with a group from Wayne State University. Part of the trip includes a two-week Mediterranean

tour.
Miss Rhea Stripe, exchange student, left by plane from Metropolitan Airport on Tuesday of last week enroute to Madrid, Spain. Her parents, the Joseph Stripes, drove her down.
Mr. and Mrs. Walter Nelson of Lansing visited the Frank Servens while here for the weekend, and enjoyed a canoe trip down river. Mr. Nelson worked on the present Post Office years ago and boarded with the Servens.
Ronda and Denise Allen of Bath are spending the week with their grandparents while their parents, Mr. and Mrs. Dale Allen, are on a

fishing trip in Canada.
The Dr. Richard Kleins and children of Okemos spent from Wednesday to Sunday visiting their parents, the Robert Kleins and the Walter Mikesells.
46 Years Ago
July 2, 1942
Mrs. Carl Madsen, Mrs. Svend Madsen and son Brooks, Mrs. Milford Quay and Mrs. Hubert Mangles and two sons of Gaylord enjoyed afternoon coffee at the home of Mrs. Marie Hanson Wednesday.
Mr. and Mrs. Oscar Beattie of Wyandotte spent the weekend visiting Mrs. Susie Bouslay.
Mrs. Herb Gothro had for guests over the weekend her son Kenneth, daughter Mrs. R.L. Bensinger and the latter's daughter, Barbara, Mr. Jack Trainor and Miss Phyllis Miller, all of Lansing.
Mr. and Mrs. Walter Woodson and daughter Grace Matilda of Salisbury, N.C. are guests at the Mrs. H.A. Bauman summer home on Lake Margrethe.
Bob Chappel who is working in Detroit is spending a few days with his mother, Mrs. Ruby Chappel.
A letter received this morning by Hans L. Peterson from his son Sergeant Don says they are somewhere in Australia. In the same organization is Lieut. Fred Welsh. Both boys wanted to be remembered to their friends at home. Ted Horning is another Grayling boy there. This little city is well represented in the land of the "Aussies."
John Krage is visiting his grandparents, Mr.

and Mrs. Jake Roop in Summit City for a couple of weeks.
Patricia Irdine of Detroit is the guest this week of Gloria Moore at Lake Margrethe.
Miss Myrtle Melroy of Detroit spent last week with her parents, Mr. and Mrs. C.D. Melroy in Frederic.
69 Years Ago
July 3, 1919
Miss Janice Matson was hostess at a tea at her home yesterday afternoon in honor of Miss Hilda Nielson of Flint and Miss Pauline Fehr of Detroit.
Mrs. L.B. Niles arrived in Grayling Tuesday morning and is a guest at the home of her old friends, Dr. and Mrs. Oscar Palmer. Mrs. Niles during the past year was a teacher in the schools of Albion, but is now spending her vacation with her son Arthur, who is city engineer of the city of Jackson. She will remain

here for the week.
Mrs. H.W. Wolff and daughter Miss Marjorie of Washington, D.C., arrive in Grayling this morning and will open their cottage at Lake Margrethe for the summer.
Mr. and Mrs. A.L. Coutts are spending couple of weeks visiting the latter's parents, who reside in the Cooper country, near Houghton, Michigan.
Mr. and Mrs. John R. Williams and sons and Miss Christine Peterson arrived Friday from St. Louis, Mo. The Williams came for their annual stay at their summer home at Lake Margrethe, and also to visit Mrs. Williams' sister, Miss Carrie Jorgenson, and brothers Adler and Walmer.
Mr. and Mrs. Harry J. Connine of Detroit are receiving the felicitations of their friends on the birth of a daughter, Thursday, June 6th.

The last thing you need when you're over 55, is a problem paying for your car insurance.

Age has its rewards. Sometimes. It does with Auto-Owners. They give good drivers age 55 or older a discount. So instead of raising your premiums or reducing your coverage you may pay a little less for your auto insurance. Auto-Owners respects maturity and a good driving record. Just ask your "no problem" Auto-Owners agent how he can save you money on your car insurance. When you hear the news, you'll be glad you've got a few years behind you.

Entries Accepted for Milltown Fine Arts and Crafts Show

Applications are being taken for the Fine Arts and Country Crafts Show to be held in Grayling Friday and Saturday, July 29 and 30, as part of the annual Milltown Festival.

Information and application blanks for the country crafts division may be obtained by contacting Chairman Nancy L. Hatfield, Rt. 1, Box 1488, Grayling, or telephone (517) 348-9769. In the fine arts division, the contact is Vidian Roe, P.O. Box 554, Grayling, telephone 348-9419.

Chairman Hatfield points out that both shows are juried and only handmade items will be accepted. No kits are to be submitted. Craftsmen are to be responsible for their own sales tax, display tables and chairs as necessary. A pre-registration fee of \$20 is required for the crafts applicants for each 10' x 10' display area.

The fine arts division is open to all adult artists and entries will be selected for the show according to their ability in presenting watercolors, acrylics, oils, printmaking, etchings or mixed media. Sculptures and textiles will also be accepted in this division. Paintings and flat art work should be framed and matted and ready to hang for display with screw eyes and wire attached.

The entry fee is \$10 with no more than three entries per

\$10 fee. Additional entries require an additional fee. Labels indicating the name of the artist, category, price, or not-for-sale, should be attached to the back.

Cash prizes and ribbons will be awarded in the fine arts section.

In the fine arts category only, entries will be accepted (for those not pre-registered) between the hours of 5 p.m. and 10 p.m. Friday, July 29, and up to 10 a.m. until 8 p.m. Saturday only. Prizes will be awarded at noon Saturday.

HANDS-ON EXPERIENCE - Jennifer Doty of Grayling is shown operating a drill at the Michigan Tech Experimental Mine in Hancock. She recently participated in the annual Women in Engineering Program at Michigan Technological University. Doty was among 220 high school women selected to attend one of the two-week long sessions held each summer on the

MTU campus. The workshops provide exposure to applied technology, bioengineering-forestry, and eight fields of engineering. Participants must have a strong background in mathematics and science. Doty attends Grayling High School where she is a member of the National Honor Society and the GHS Band. Doty is the daughter of Rose Rensley of Grayling.

Bits of Talk

By Sandy McAnallen

Barbara Benjamin of Fort Myers, Florida, accompanied by Judi D'Alessandro also of Fort Myers, and Mr. and Mrs. Arvie Benjamin, Beth and Allen of Pontiac, arrived in Grayling to spend a few days with family and friends. Barbara stayed on until June 11th, then traveled on to Ypsilanti to attend the Murphy/Armstrong wedding and to meet Judi and return to Fort Myers on June 13th.

There was a fantastic party at the K of C Hall in May. Joy Bobenmoyer snuck around for nearly a month to plan a surprise birthday party for her husband, Keith's 40th (over the hill) birthday. Joy hired a company called Original Ideas by Lucy to decorate the hall properly because Joy couldn't decorate the hall herself without being found out. The decorations were terrific in red and black and white balloons, flowers, streamers and more.

Joy managed to secretly invite 130 friends and relatives (who could keep a secret), arrange for catering, and hire the local band, The High Society Wise Guys, without her husband suspecting a thing. Keith was genuinely surprised when he arrived at the party so Joy's meticulous planning paid off. And Keith Bobenmoyer went happily "over the hill".

Another interesting event took place by Lake Margrethe last week. Two lost dogs who were walking along West M-72 on a busy Sunday afternoon ended up on a dock on the lake by Reinhart and Jackie Krause.

One dog, Toby, was just a young puppy and very attached to the other older one, Andre, that was suffering from an unfortunate encounter with a porcupine. Her little black nose had dozens of quills stuck in it. The Krauses helped the two dogs find a vet and later their local caretakers. It seems the dogs are from out of town and were being taken care of by Marie Mahaney. They wandered off that Sunday, much to Marie's dismay, and obviously had quite an adventure. They were fortunate to choose the Krauses' place to look for assistance.

Burt and Shirley Medley of Lake Margrethe had company for several days last week. Burt's sister, Regina, from Patagonia, Arizona, stayed with the Medleys along with her son Christopher who will be in third grade next year. They left for home June 21 after a pleasant visit.

General Vernon Andrews and his wife, Grace, celebrated their 35th wedding anniversary June 13th. Unfortunately the general, who was staying with his wife in Grayling while the Michigan National Guard was here for training, was in Washington on the date of their anniversary. But they spoke on the phone and went out to dinner at a local restaurant to celebrate after he returned.

The Camp AuSable Band played on the Grayling State Bank Lawn one sunny afternoon recently. Many people came to listen to the beautiful music performed. The bell ringing performance was especially fascinating and beautiful to listen to. While I was there I talked with Barb Feby who came to listen to the music with her daughters, Karen and Amanda and their grandmother, Mary Dalm.

Five year old Gary Mott ran a block long race in Pinconning in the children's segment of the Cheesetown Challenge race held a few weeks ago. Gary's grandfather, Larry Yoder of Grayling, who first place in his age group — 45 years. Gary did very well in his age group too.

Bob Huskins and his wife, the former Emma Jean Lozon, left the Akron, Ohio, area and have opened a new

Subway restaurant in Essexville, Mich.

Huskins, formerly of Bay City, left his job as head of a large computer operation and his wife, a Grayling native, quit her job as a hospital nurses' supervisor. They said it was time for a change.

Gwen and Howard Hasel-huhn of Las Vegas, Nev. were in Michigan last week visiting her mother, Evelyn Lozon, the Art Lozens, the Brad Ayers family, Steve Johnson and also other relatives and friends in Alpena, Essexville, Flint, and Pontiac.

Jeni and Joni Rasmussen from Bowling Green, Ohio, was here to visit their dad Joel and grandparents Jack and Joan Rasmussen while

here Joni celebrated her 5th birthday with a party.

On June 5th, Randall Charles Hendrix (Randy), son of Ray and Kari Hendrix of Pasadena, Texas, flew in to Metro airport by himself. Randy, 7 years old, was picked up at Metro by his grandparents, Chales and Bernardine Denton of Grayling, and his aunt and uncle was also on hand to welcome him to Michigan for the summer. Randy is also the nephew of Mac and Dee Ashworth of Grayling.

Carol Evans, the daughter of Daniel and Vera Evans from Redford and Grayling, graduated from Lawrence Institute of Technology with a Bachelor of Science degree in Industrial Management on June 5, 1988.

Airway Automation got their first win of the season by upsetting previously unbeaten Rutter's Building Center 11-9. Airway scored seven times in the fourth inning with Mike Eva and Mark Shifter leading the hitting attack. Rutter's avenged its first loss by winning the nightcap 7-1 and limiting Airway to six hits.

Spike's kept the pressure on frontrunner Rutter's with two victories over Holiday Inn/Baynam Forest Products. Spike's won the opening game 19-8 with Mark Golinick, Rich Alexander, and Ken Lademan hitting home runs. Golinick had four runs batted in, Alexander three, and Dave Schreiber, Dale

Papendick, Bruce Burkett, and Todd Golinick drove in a pair of runs for Spike's.

Spike's won the second game 14-3 with Dale Papendick hitting a home run and Rich Alexander hitting an in the park homer.

Scheer Motors held Weyerhaeuser scoreless over the last four innings to record a 11-10 victory. Jim Kiefer knocked in three runs and Barcie Cross and Jeff Branch drove in a pair for Scheers.

Weyerhaeuser came back to win the nightcap 14-12 by scoring four runs in the eighth inning. Bob Morley knocked in four runs and Roger Roman three runs for Weyerhaeuser. Rich Grant drove in two runs for Scheer Motors.

Camp Lehman stayed in contention for first place with two close wins over Custom Forest Products. Camp Lehman won the opening game 7-6 with Trent Trout picking up the pitching victory.

Lehman won the second game 5-3 with Kim Alexander driving in two runs in the defensive battle.

French Exchange Student Handles USA Adjustments

By Nancy Lemmen

Sylvain Auger wanted very much to be a foreign exchange student -- so much so that he left his country and his family and his classmates for one year to live in Grayling. A junior at Grayling High School this past year, Sylvain will nevertheless have to repeat his junior year in France when he returns home.

And he thinks it is going to be very hard: "I had some problems, because I had stuff to do from back home and I did not do it -- French, math, Spanish, economics. I tried to do it at the beginning, but I had to work late at night. I didn't have good grades. If I did my French homework, I did not do my American homework. It is going to be very hard next year."

Sylvain, who considers himself an average student at home, says that the French classes are harder and stricter than his courses here. The students are in class to work, they must stay busy for the entire period and they show more respect for their teachers, he explains.

The school day in Les Ulys, where he attends Lycee (equivalent to the last three years of American high school), runs from 8:30 a.m. until 5:00 or 6:00 in the evening. Although students enroll in 11 courses, only 7 meet each day, Monday through Friday. Sylvain, who made the honor roll every marking period at GHS, says that typically French students spend four to five hours on homework each evening.

A typical class schedule might include biology, physics, chemistry, mathematics, French, English, German, economics, geography, history and physical education. If a student fails just one class, he must repeat the entire academic year.

FRENCH TEENS

Yet one gets the idea that French teens have more on their minds than academics. Sylvain told GHS Spanish classes that the students' unofficial motto translates as, "Under the neurons, the beach," and is accompanied by a stylized drawing of a palm tree on the sand.

While organized athletics is not a part of the school program in France, Sylvain has a great interest in sports. At home, he plays rugby and soccer, and says he plans to be a sports teacher. In fact, his interest in sports led him to Grayling, where he has lived with Mike Shearer, on Circle Court Drive. Shearer is known throughout the community for his interest in sports and youngsters and his generous help to many athletic programs.

FOOTBALL DANGEROUS

Mike encouraged Sylvain to play football with the GHS team last fall. "I should have been on the team," he admits, but says that at first he didn't even understand English well, so he didn't think he could understand the rules. Also, his father didn't want him to play, because he thought it was "too dangerous, more than rugby even."

However, he sold popcorn with Mike at Middle School basketball games in the fall, then sold candy at home high school basketball games and travelled with the team to video tape away games. He was a member of the GHS ski team during the winter, which he enjoyed because he had "something to do after school, practicing and being with other kids." He also managed the varsity baseball team this spring, during which time he made some close friends.

Out of school, Sylvain has gone camping around the state, fished the AuSable River, and waterskiied for the first time. He went with Mike to a Detroit Pistons game in the winter and with the Loren Goodale family to a Detroit Tigers game this spring. The Goodales introduced him to Ernie Harwell and Paul Carey, who announced his name on WJR radio during the game.

Sylvain also joined Youth in Government and went with the club to the state government simulation in Lansing in the spring. His assignment as a member of the electronic press required some interviews and the development of a video; then he was free to observe several sessions, which he entered with the aid of his press card. He went to the Chamber of Representatives, for example, where he watched student legislators pass bills.

MEETS VICE-PRESIDENT

In terms of real-life government, Sylvain met and shook hands with George Bush when the Vice-President visited Grayling in the fall. Shearer worked a deal with Bush's secretary who used his office at the National Guard Camp in exchange for a photo session with Sylvain and GHS's other foreign exchange student, Juan Pablo Jimenez, from Costa Rica.

Sylvain, who is a tri-lingual, took 2nd year Spanish, and attended two foreign language days with the department. He admits that he would have liked to go to Spain as much as the USA. "I still want to go there," he says.

Over the months, Sylvain has traveled to seven states besides Michigan -- Indiana, Maryland, New Jersey, New York, Ohio, Pennsylvania and Virginia -- and he may still get to Minnesota. Mike and he also toured Washington D.C.

"I'm lucky to live with Mike. We traveled a lot and he introduced me to many people," says Sylvain. "He's doing always something, so I can do new things and meet new people. They usually know the guy when I tell people who I live with."

Are American students different from French teens? Sylvain thinks that the boys are pretty much the same, though he says that France doesn't have as many interested in weight training. "They don't seem to care so much about their muscles."

GIRLS ARE DIFFERENT

He notices more the differences between American and French girls: "Girls here burp and swear much more, drive trucks and four-wheeled vehicles and wear make-up younger."

Sylvain comes from Marcoussis, a town near Paris with a population of 5,316. It has five bars, he says, but unlike the States, women don't usually go into them.

His hometown also has three restaurants, and Sylvain has some observations about the differences in food and eating customs: France, he explains, has very little packaged food so French cook more from scratch and typically eat mutton, chicken, horse and different sauces. France has more grease, the United States has more sugar, he thinks. There are only a few fast food places, because French people take longer than Americans to eat their meals. The French, for example, would never eat their meals quickly in a car.

Is Sylvain, who hasn't seen his father, mother and older sister for nearly a year, excited to be returning home in July? "Not really. I know I'm going to see them in a month, so I'm trying to enjoy being here. I miss my sister and my cat. Everytime I go somewhere that the family have animals, I go with the cat and caress him on my lap while Mike talks with the man."

Nevertheless, Sylvain's days in Grayling are coming to an end, and by the end of the summer he will be back in Marcoussis, with his family, cat and friends, preparing to relive his junior year in his home country. And his friends in Grayling will feel a little enriched to have known him for a year and little sad that his stay went so fast and seemed so short.

To Sylvain Auger with best wishes

Sylvain and friends.

Bits of Talk

By Sandy McAnallen

On June 1 two young ladies from Nagoya, Japan, arrived in Grayling. As part of a program indirectly connected with the Crawford County International 4-H group, Kaori Kurobe and Kyoki Kasugai lived with two families here in Grayling for almost two weeks this month.

Barb and John Hunter were thrilled to have Kyoki, 22, live with them for her initial time in the United States. The Hunter's children, Eric, Colin and Andy especially enjoyed Kyoki's presence in their home. She taught them Japanese songs and she taught them how to write their names in Japanese.

Kaori Kurobe, 20, stayed with Bill and Carolyn Boone. Their daughter, Mary Beth, has been to Japan and is acquainted with Kyoki and Kaori. The girls also visited with Mrs. Coye Taylor and Amy Denton.

M.S.U.'s summer term has begun and the Japanese girls have gone to live in a dormitory there while they take a summer English course that will help them with their English proficiency and prepare them for fall term. It is expected that during school breaks they

will come back to Grayling to visit their host families. In a recent note to the Hunters, Kyoki mentioned how much she liked Northern Michigan, the fishing and boating and the pleasant weather. Her only dislike, she said, was the tent worms.

Bud and Eleanor Hunter have been married 53 years as of June 15th. Their children got together and took them out to dinner last week to join them in celebration of the notable event.

Clyde Johnson recently returned from a delightful trip to Duluth, Minnesota, for the 100th anniversary of his childhood church. He said he saw childhood friends he hadn't seen in over 25 years. One in particular had come all the way from his current home in New Zealand for the anniversary and reunion.

Father Gerald Micketti traveled to Rogers City, Michigan, to visit with his family in mid June. Rogers City is where he grew up and he often likes to go there to just relax and visit with his parents.

That's it for bits of talk this week. Be sure to call me and let me know where you've been and about those special events we all love to read about. My number is 348-7439 evenings.

Michael Hartwick was 1st Grayling Settler

Michael Hartwick was the first settler of Grayling, Michigan. He came to the area in 1837 and settled on the site of the present-day town. He was a pioneer and a man of many talents. He was a farmer, a trader, and a community leader. He played a significant role in the development of Grayling and the surrounding area. His legacy is remembered through the Milltown Keepsake Edition, which honors the early settlers of the region.

A Half-Century of County History Through the Eyes of Mrs. T.P. Peterson

This book is a collection of stories and photographs from the early days of Crawford County. It is a valuable resource for anyone interested in the history of the region. The book is written by Mrs. T.P. Peterson, a local historian and author. It contains a wealth of information about the early settlers and the development of the county. The book is available for purchase at the Chamber office and other local bookstores.

Lovells Couple Bring 30 Years Experience to Gerta's Draperies

Gerta's Draperies, located in the Parkside Mini Mall on Old 27 in Gaylord, has been serving the needs of people in Crawford County and Northern Michigan for seven years.

Walter and Gerta Leibold brought thirty years of experience in the home decorating business to their Gaylord shop. In 1958 they opened Leibold's Decorating Studio in East Detroit, and Gerta operated the business until they left the Detroit area and made Lovells their permanent home. They have owned a summer home there for many years.

Gerta's Draperies specializes in soft draperies. Not only can they supply cafe, traverse, valance, swag, jabots, and cornice draperies, but Gerta and Walter will also consult with their

customers to help them decide the best choice for their decorating needs.

The Leibolds operate their business with a personal touch. From their initial greeting to job's completion, Gerta and Walter oversee every detail of installation. They do not subcontract any construction or installation to outside businesses.

Gerta's Draperies is a complete window decorating shop. It offers all window

treatments including, vertical and horizontal blinds, pleated shades, and a full line of traverse and decorative curtain rods. Gerta's Draperies will even custom make curtain rods to fit special windows, such as bay windows.

In addition to custom draperies, window treatments, and curtain rods, Gerta's Draperies offers a full decorating consultation service. Gerta and Walter will assist

with fabric selections for draperies and furniture, as well as assisting with the total color coordination of paint, wallpaper, carpet, furniture, and draperies. Whether the job is the complete decoration of a new home, or redecoration of a single room, Gerta's Draperies is able to help their customers coordinate their decorating ideas, and supply all their window treatment needs.

Norman McCabe

Norman J. McCabe, age 92, of Detroit, died June 25, 1988. He was a resident of Detroit since 1968. He owned and operated Cunningham Lodge at McManis Bridge on the AuSable River from 1961 to 1968 and was part owner and operator of this lodge for many years prior to 1961.

Funeral services are Wednesday, June 29th, at 10 a.m. at Eppens-Van Dervegne Funeral Home in Detroit. An interment will be held the same day at Big Creek Township Cemetery in Luzerne.

Russell Wright

Russell V. Wright, age 68, of Grayling, died Friday, June 24, 1988, at Munson Medical Center, Traverse City. A retired Conservation Officer for the State of Michigan for 31 years, he has resided in Grayling for the past 40 years.

Born April 7, 1920, to James and Marie (Jackson) Wright in Flint, he was a member of Masonic Lodge #356, Grayling, Lion's Club of Grayling, American Legion State Post, El Khurafah Shrine, Bay Valley Consistory, and Order of Eastern Star Chapter #83 of Grayling. Mr. Wright served with the U.S. Marine Corps during WWII, and was discharged as a Staff Sergeant.

Survivors include his wife, Roberta E. (Tiller) Wright, two sons, Thomas Wright, of Ypsilanti, and Terry Wright, of Grayling. Also one sister, Vieta King, of Michigan Center, three brothers, James Wright, of Apache Junction, Arizona, Earl Wright, of Flint, and David Wright, of Harrisburg, Arkansas, and five grandchildren.

Masonic Memorial Services were conducted Sunday evening at Sorenson Funeral Home. Funeral services were held Monday, June 27, at 2 p.m. at the Sorenson Funeral Home with the Reverend Jeffery Regan officiating. Interment of ashes will be in Elmwood Cemetery.

The family has suggested memorial gifts be directed to either Michelson Memorial United Methodist Church, or to the National Multiple Sclerosis Society.

A senior citizen satellite dinner for Frederic and Maple Forest is coming up July 1st.

Congratulations to Erza and Ruth Sanders on their 73rd anniversary coming up July 3rd. Anyone who would like to send them a card, can mail it to P.O. Box 14, Burr Oak, Michigan 49030. They still live with their daughter Mary Mathew.

The community wishes to extend their sympathy to the family of Raymond Denno. Father of Tom Denno, here in Frederic.

In congratulating the senior students, I missed some, my apologies to Lori Bentley, Guy Nemeth and Dennis O'Toole.

A coming up date is August 1-6 for Bible Camp and August 8 for Vacation Bible School.

Jean Beck and Lucille Starek went to their brother Mr. and Mrs. Walter Desnoyers for a week's visit.

On July 9 Workers in Frederic will be sponsoring a car-

nival with games to benefit M.D.A.

Boys and girls, hope you appreciate the new basketball court, in the park. This was made possible through the Booster Club, on the part of W.I.F.

Legion Auxiliary Present 53-Year Member Award

LEGION AUXILIARY SUPPORT- Legion Auxiliary President Roselyn Johnson and her daughter presented awards to Charles Fick, of C.F. Fick and Sons, and Shannon McNamara, of Mac's Drugs, for their support to the Auxiliary.

The American Legion Auxiliary Unit 106 of Grayling had a past President and Awards luncheon on March 6th at the hall with a nice turn out of members and 8 past president. If there are any one of you who would like a picture of the group together, you may call Roselyn Johnson at 348-7756 and she will be glad to get some prints made.

Also, at that time the Auxiliary gave out year guards. Helen Harwood was in our Auxiliary over 50 years, Betty McFarland had 41 years, Frances Olson, Ann Hanson, Beatrice Bice, Clara Sorenson, Lora Gould, Ruth Kernosky, Rowena Bilsby, Iris Corr, Jean Potter, Thema McWilliams, Goldie Livrance, Phyllis Scheer, Geraldine Muth, and Margaret Bootsie Balch all have 35 years or over. Leone Owens has 45 years, and Virginia Selesky has 44 years in. Margaret Tinker has the most years in our Auxiliary and is a life member with 53 years. We gave out quite a few more awards for membership also, with 30 years or more on down to 5 years.

The Auxiliary would also like to invite those of you who may have forgotten to pay your dues in the past years, back into the unit. You can get in touch with us at the Legion, or call the Membership chairman-Kelli Alimenti at 348-7756. We would like to get a Jr. Auxiliary going again, and we do have some new mem-

bers. Your grand daughter and great granddaughter is eligible to join now. We have 106 members and would like to see more in the following year.

On March 19th we had a dinner at the legion followed by a Birthday party for the men. We donated our proceeds to them at the party.

April was a busy month for reports, as they had to be in by the 30th of the month. We entered the Poppy Poster Contest with the schools, which was a success. We have a Poppy Centerpiece and Corsage entered at the Department Level, and we are very proud to announce that there were 3 Poppy Posters that went to the Department for Judging in July.

Also, the display at Mac's Drug Store window display was a huge success with our Veteran and Poppy theme. We appreciate the donations that were used from the American Legion, Al Kesteloot and Herb Wheeler. Certificates of appreciation were given to Charles Fick for the use of his signs, and to Mac's Drug, Shannon MacNamara for the use of their window and also for their many donations.

We have had our election of officers for the year 88-89. Officers are President-Roselyn Johnson, V. President - Lou Besonen, 2nd V. President - Shauna Stockmeyer, Secretary - Mary Jane Young, Treasurer - Etta Bailey, Chaplain - Violet Kehr,

Historian - Jean Potter, Executive Board - Pat Guntton, Helen Harwood and Rhonda Haske.

Don't forget that we are having a Beer Tent and Hot Dogs and Chili Dogs on July 4th starting at noon. Also the Legion is providing music that evening for a street dance.

We still need workers for Thursday nites for the Bingo Kitchen, and if you are interested in working one night please call Roselyn at 348-7756. We have some workers but not enough. See you at the next meeting in July on Wed. Nite at 7:30 p.m. the 13th.

NOTICE TO RESIDENTS OF Grayling Township

Road Commissioners Minutes

May 27, 1988

A regular meeting of the Crawford County Road Commissioners was held in their office in Grayling. Present were: Commissioner Grover Cason and Norman Parker, Engineer-Manager John Keir and Accounting-Clerk Joanne Thompson. Absent: Chairman Gloria Kraus.

The minutes of the previous meeting of May 13, 1988 were read. Commissioner Parker made a motion to accept the minutes as read, seconded by Commissioner Cason. All voted in favor, minutes approved.

Payroll Voucher Number 11 in the amount of \$23,886.92 and Material checks numbered 13665 through 13715 in the amount of \$34,270.82 were presented to the Board for approval of payment. Commissioner Parker made a motion to accept the vouchers, seconded by Commissioner Cason.

A permit was reviewed and signed for Frontier Exploration to conduct a seismic survey in South Branch Township.

Discussion was held on the bids taken April 29, 1988. The Board awarded the hopper box bid to Miller Equipment, and the tractor bid to Zarembo Equipment and the air compressor bid to Cyril Burke. After much discussion the tar kettle bids were all cancelled.

Correspondence was reviewed from an attorney and a letter regarding Goose Creek Road.

Engineer-Manager Keir informed the Board of the critical condition of McMasters Bridge and his ongoing attempts to have it added to the Critical Bridge Program through the State of Michigan.

Michigan Department of Transportation has advised all road commissions that no political signs shall be in the right-of-way along state roads and should be removed immediately if found. A notice shall be put in the local paper advising candidates of this before action is taken.

Norma Naour appeared before the Board regarding a proposal of sell a portion of Road Commission property.

Cletis Spears, Beaver Creek Township Supervisor, appeared before the Board requesting cost estimates for the possible blacktopping of Oak, Seven Mile and Billman Roads.

Mr. and Mrs. Tom Noble appeared before the Board regarding Four Mile Road and Tom Brooks to discuss a personal matter.

There being no further business before the Board, a motion was made and seconded to adjourn. All voted in favor, meeting adjourned.

THE BAMBI BUCKET — A UH-1 helicopter fills a "Bambi Bucket" with water from Lake Margrethe to dump on a fire at Range 13. Photo by Sgt. Mark Friar.

'Bambi Bucket' Helps Fight Range Fires

The "Bambi Bucket" is a helicopter external loading device, that is being used this summer by the Michigan National Guard to fight ground fires. There are currently two Bambi Buckets housed at the Camp Grayling facility.

Lt. Col. Brian Downey, Public Affairs Officer for Maj. Gen. Andrews, reported that the primary purpose of the Bambi Bucket is to fight fires started on the military reservation during training exercises, especially those fires burning on the impact ranges where conventional fire fighting procedures would be impossible.

When the Bambi Buckets are not being used by the military, the buckets and the flight crews necessary for their operations are on "stand-by" for civilian use by the Department of Natural Resources (DNR). CW-4 Alan Saxton, one of the pilots who operates the Bambi Bucket, stated that this is another example of the military cooperating with Grayling area authorities for the good of the entire community.

The Bambi Bucket weighs 70 pounds when it is empty and 1,573 pounds when its 180 gallon capacity is filled with water. The bucket is deployed approximately 15 feet below the helicopter, and is lowered into the water while the pilot maintains the helicopter in a stationary hover. Saxton explained that the bucket is weighed so that as it enters the water it tips forward, and sinks

beneath the water's surface. Once it is filled, the flight crew directs the pilot to bring the load straight up until the bucket has cleared the water.

Col. Joe Meredith, Operations Officer, STARC Aviation Section, stated that a UH-1 helicopter is being used to carry the Bambi Bucket during the fire fighting exercises. He also explained that a three member crew is required for all flights. This crew consists of a Pilot-in-Command, Co-pilot, and a Crew Chief.

The bucket has been used effectively since May 15 to extinguish between 20-25 small fires started on the military reservation. CW-2 Dave Babcock, pilot, said that during one fire the Bambi Bucket carried 5,000 gallons of water in 90 minutes. He said that the Bambi Bucket can assist fire fighting by containing the fire, allowing fire fighters time to cut firebreaks. Pilots operating the bucket are also able to relay vital information regarding the progress of the fire to personnel on the ground.

This summer is not the first time that an external loading device has been used at Camp Grayling. In July of 1985, the Ohio Army National Guard borrowed a "Sims Bucket" from the Kentucky Division of Forestry. The Sims Bucket was slightly larger than the Bambi Bucket having a 250 gallon capacity, and was used during the Ohio encampment.

The Gospel Of John

Part No. 39

Dilemma Following Christ's Discourse

As Jesus taught in the temple, there resulted a dialogue of doubt among the people as to who He was, why the religious leaders were trying to kill Him, and why He was not being arrested as He publicly taught (John 7:25-27). In response to this doubt, Jesus cried out, "The cried Jesus in the temple as he taught, saying, Ye both know me, and ye know whence I am: for I am from him, and he hath sent me." (John 7:28,29). Jesus again reminded them of His deity. He came from Heaven and they knew neither Him nor God the Father who sent Him. This was a very strong slam at the unbelief and hypocrisy of first century religious Judaism.

This strong declaration of His deity brought divided decisions by those present. "Then they sought to take him: but no man laid hands on him, because his hour was not yet come." (John 7:30). This truth is precious for every child of God. The Christian is invincible in God's will until his time comes. Daniel was safe in the lion's den. The three Hebrew children were safe in the fiery furnace. We can rest in promise of Romans 8:28. Even in adversity, we can trust the will of a sovereign God. (Hebrews 11:35-40). On the other side, "...many of the people believed on him..." (John 7:31).

The hatred of the religious rulers of the Pharisees toward Jesus was manifest

as they ordered Him arrested by the temple guards. (John 7:32). Jesus reminded them He would soon return to Heaven and they would then seek Him and be refused entrance to Heaven. (John 7:33-34). The Pharisees were so blinded they did not even understand His words. (John 7:35,36).

The arrogance of the religious Pharisees then still pictures the same religious unbelief today. They thought they were in control of both the destiny of Jesus Christ, and their own future. They did not realize Jesus Christ is eternal, sovereign God! They did not realize there is not salvation apart from faith in Him! As Peter said, "Neither is there salvation in any other: for there is none other name under heaven given among men, whereby we must be saved." (Acts 4:12). No one will go to Heaven who rejects Jesus Christ as Lord and Savior down here. "Jesus saidst unto him, I am the way, the truth, and the life: no man cometh unto the Father, but by me." (John 14:6) Those who reject Jesus Christ as Jehovah God, the great "I AM" will die in their sons and go to hell for all eternity. (John 8:24).

The Deacon's Speakin'

Deacon Bob Nolan

Scripture Reference: Mark 6:1-6

The synagogue is the place where the Jewish community assemblies. It is not a temple where an official priesthood exercises a ministry of sacrifice. The community comes together there to pray and to listen to the reading of the Sacred Writings. Every adult has the right to speak to the assembly.

Jesus spoke in the synagogue not in virtue of a sacred privilege, but simply as a member of the gathering. Very soon His hearers realize that the One talking to them is not like the rest of them. Yet they know Him, because He has lived among them, and it seems that nothing has prepared Him for power of His language and His confidence. They feel something unusual is taking place.

The Jews are no different from any other human being. When people have formed a certain image of someone, they will not admit that such a person presents themselves to them with a look that they are not used to. We imagine that we know a person, we glue a label on them, and we become blind with respect to what does not correspond to the label.

The people of Nazareth were shocked because they did not recognize in Him the Jesus they have known. Instead of welcoming what He had to say, they reject it. This refusal to give Him a welcome cuts short the generosity of Christ. He does not use miraculous powers at Nazareth on this occasion to convince them.

The label, 'Son of Mary', indicates that Joseph must have died by this time. The thought about the pregnancy of Mary had been known before her marriage to Joseph. In the language of Mark, this would give confirmation of the mysterious conception of Jesus, son of Mary, but not of Joseph.

What is behind the question of the Jews? That difficulty is going to be an obstacle of faith until the end of time. That the mystery of God should reveal itself in a human being is something that annoys people. The attitude of the people of Nazareth, refusing to see someone they know as a messenger of God shows their difficulty in recognizing the Person of the Savior, the True God and True Man.

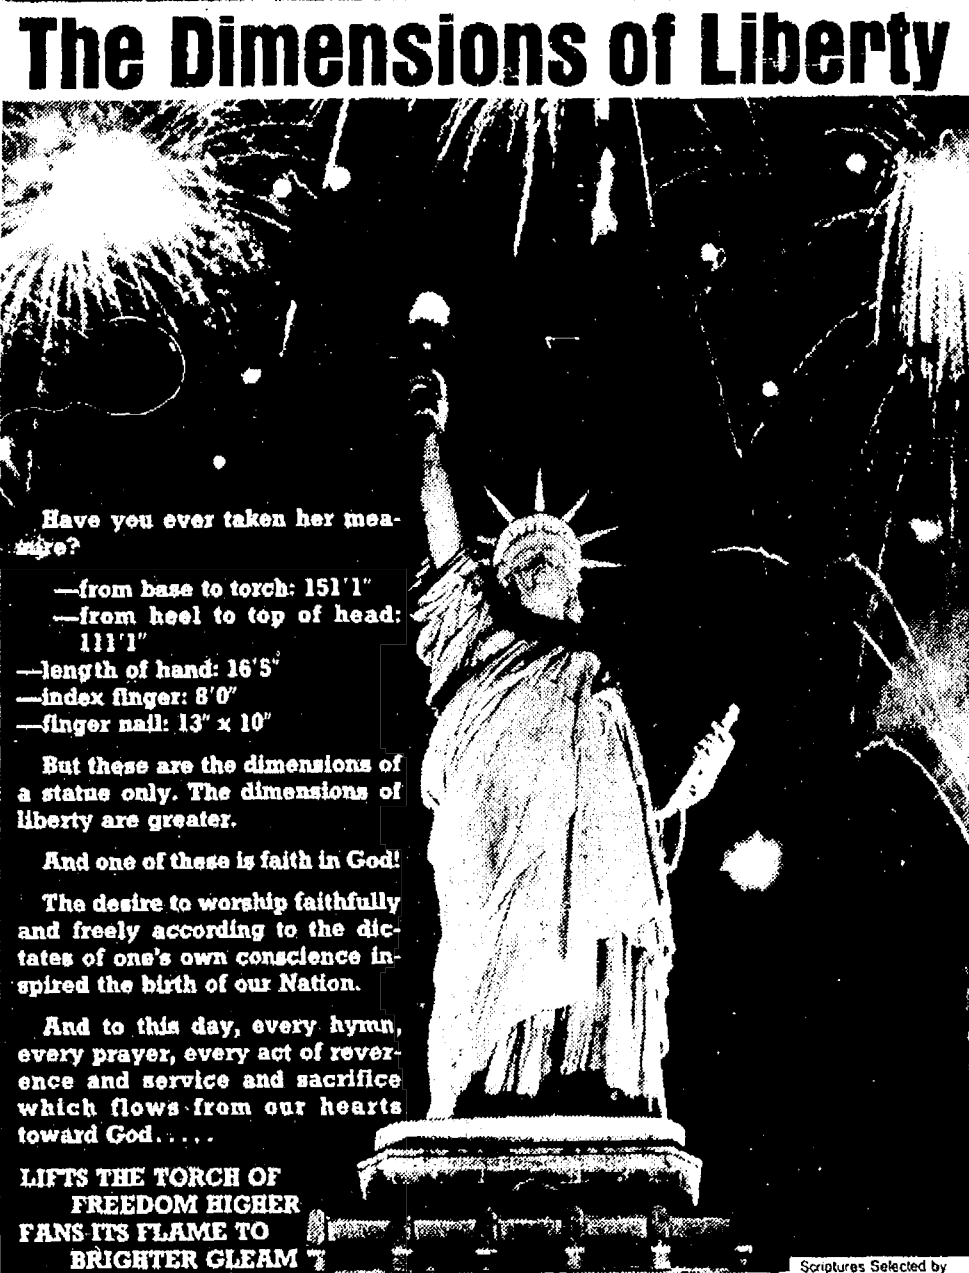

Whatever may be the exact meaning of 'Son of Mary', Mark does suggest to us a reality that is important. Those who ask Mary to reveal her Son to them take a direct route toward a meeting with Jesus.

To acknowledge Jesus as the Son of Mary means to welcome Him as a real person, One who is accessible, on the level with us. The greatest friends of Christ know what they owe to the help and guidance of Mary.

The Dimensions of Liberty

Have you ever taken her measurements?
—from base to torch: 151' 1"
—from heel to top of head: 111' 1"
—length of hand: 16' 5"
—index finger: 6' 0"
—finger nail: 13' x 10'
But these are the dimensions of a statue only. The dimensions of liberty are greater.
And one of these is faith in God!
The desire to worship faithfully and freely according to the dictates of one's own conscience inspired the birth of our Nation.
And to this day, every hymn, every prayer, every act of reverence and service and sacrifice which flows from our hearts toward God....

BUSINESS:
1. Supervisor answered several questions by Anthony Dobry regarding development of the Rayburn tract and read letter from Jeff Silagy, DNR Rep. who met with Gene Kraus, purchaser of the Rayburn property, and Township Supervisor and Clerk on site regarding Proposed Natural River Plan and how it will affect the proposed development on the North 2 1/2 miles of bank. To date no application for Planned Unit Development (PUD) for a golf course on the South portion has been submitted to the Planning Commission.
Silagy's recommendations for the north bank are on file at the Township office.

2. Motion by Blaauw, support by McLachlan, to begin issuing Conditional building permits in the Green-Belt Zone June 15, 1988, which state that construction must commence prior to September 15, 1988 to comply with NRC rules and Township Ordinance amendment. Ayes: four, nays: one, motion carried.

3. Motion by McLachlan, support by O'Mara to adopt the following Case 88-14 as Grayling Township Zoning Ordinance 88-3 to take effect on July 23, 1988.

Grayling Township Zoning Ordinance 88-3

Amendment to Ordinance 88-4

The following regulations amend Section 16.2 R-F (Recreational Forest) permitted principle uses by adding:
G. Exceptions: Horses and ponies may be allowed under the following conditions.

1. Minimum acreage: Three — One horse or pony will be allowed on three acres and one for each additional acre to a maximum of four horses or ponies. More than four horses or ponies requires more than six acres and Planning Commission or Zoning Administrator approval.

2. All horses are required to have corral and stable constructed in accordance with Michigan State Construction Code as amended along with permit and site plan obtained from the Zoning Administrator. Said permit may be revoked by proof of excessive noise, unsanitary, unsafe conditions, obnoxious odor or behavior of horses or ponies.

3. Stable for one horse or pony shall have a minimum square footage of 144 sq. ft. with an additional 48 sq. ft. for each additional horse or pony. Corral for one horse or pony shall be a minimum of 2500 sq. ft. (ie 50 x 50). Two-Four horses shall have minimum of 3750 sq. ft. (ie 75 x 50) corral area.

4. Horse, stable and corral shall maintain 65 ft. setback from all lot lines.

5. A buffer strip 50 feet deep on side and rear lot lines shall be maintained in its natural state. Additional planting of trees and shrubs is encouraged but not required.

6. Large deposits or concentrations of manure must be a minimum of 75 ft. from lot lines and 150 ft. from all dwellings and further disposed of in a sanitary manner on at least a monthly basis.

7. 150 ft. setback from Green-Belt Zone, when applicable.

8. 150 ft. setback from any lake, stream, watercourse or designated wetland.

9. Corral and stable must be 150 ft. from all dwellings.

10. Corral construction: No slabwood or barbed wire. Constructed of standard building materials strong enough to contain the horses or ponies and aesthetically compatible with the intent of the zone.

11. If adjoining property is vacant and new construction on the vacant property takes place the only setbacks to be met are as in the R-F zone.

12. Horses and ponies must be kept and sheltered in a manner conforming to all state and local health codes.

13. Horses and ponies, stable and corral shall be placed in the rear yard of the parcel. Ayes: five, nays: none, motion carried.

4. Motion by Ashton, support by O'Mara, to schedule public hearing for July 12, 1988, to receive & review public comment concerning cost of blacktopping Hanson Drive and J.B. Court at Lake Margrethe. Ayes, all, motion carried.

5. Petition accepted from property owners on Cedar Drive stating they do not want Cedar Drive improved or maintained by a Special Assessment District.

6. Motion by O'Mara, support by Ashton, to approve application by Camp AuSable for a public display of fireworks on July 4, 1988 at approximately 9:30 p.m. at Camp AuSable. All ayes, motion carried.

7. Motion by Ashton, support by McLachlan to amend 87-88 General Fund Budget as follows:

Decrease Elections (191) by \$3100.00 and increase Compactor (521) by \$1100., Electrical Inspection (371-801) by \$1000., and Hospitalization 852-712 by \$1000. All ayes, motion carried.

8. Motion by McLachlan, support by Blaauw, that Supervisor request that an accordion door or other sufficient security device be installed by H & R Corporation in Township office now that the lobby area is open on the weekends and some evenings serving the real estate office adjacent. SPORTS FANS!

I Bet You Didn't Know

Brought To You By Tim Hart Sales Representative

Here's the story of one of the greatest pitching feats ever seen in baseball... Hall of Famer Walter Johnson once pitched 3 shutouts in the big leagues on 4 consecutive days... and each game was better than the one before... Johnson hurled shutouts on Sept. 4, 5, and 7, 1908... All were complete 9 inning games... He pitched a 4 hit shutout on Sept. 4... Then, he pitched a 3 hit shutout on Sept. 5... And then he pitched a 2 hit shutout on Sept. 7.

In which pro sport does the visiting team have the best chance of winning? ... According to figures compiled for recent years, in major league baseball the visiting team wins about 45 percent of the time... In pro football, the visiting team wins about 43 percent of all games... In the National Basketball Association, the visiting team wins only about 36 percent of the time.

Only 8 baseball players in this century have ever batted over .400 in a full season of big league play... Can you name those 8 players? ... They were Ty Cobb, Nap Lajoie, Harry Heilmann, Rogers Hornsby, Joe Jackson, George Sisler, Bill Terry, and Ted Williams.

I bet you didn't know... See Tim Hart at Scheer Motors in Grayling for a great deal on a new or used car or truck today!

My Life would be Ruined!

Local businesses pay taxes here that support our schools, police, fire, and ambulance departments, senior citizen programs, and other important services.

Many local businesses also provide jobs for you, your friends, and relatives.

Before you travel to a giant shopping mall somewhere else, think about your community.

Every single dollar spent circulates throughout the community many times in making purchases, paying wages, or providing services.

Dollars spent at giant shopping malls make those communities stronger — not ours.

Don't Ruin a Good Thing!

BUDDY'S WORKSHOP

Making Screens Last Longer

The screens in our storm windows are in terrible shape. I don't even think they can be repaired. If I have to buy new ones, how can I make them last longer? These only lasted five years.

If your screens only lasted five years, my guess is that you just left them in the storm windows instead of taking them down for the winter months. When you take the screens out, mark them so you'll know which ones go where when they are put back next Spring. Then clean them well and let them dry thoroughly. If possible, build a rack so the screens can lay perfectly flat somewhere where they won't be in the way, and they'll stay dry. All it takes is a little effort and your screens should last for many years.

What is a scarf joint?

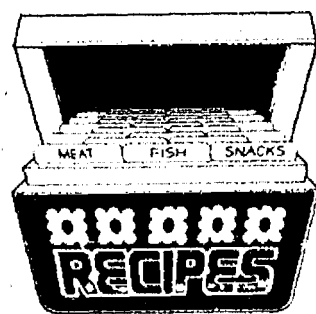

A scarf joint is used to join two pieces of lumber together where a simple butt joint won't provide enough strength. The ends of the wood are tapered, which gives more area to each end. Since there is more of an area to apply glue or some other fastening mechanism, the joint will be much stronger.

Our windows are taking more and more effort to open. They aren't swelling and paint isn't making them stick. What else could it be?

The runners (or cords, in older windows) could be dirty or out of line. Use a bar of household soap to see if the runners are giving you the problem. If the windows open easily after you've soaped them up, clean the runners as much as possible and keep them well-lubricated.

Help your kids to just say no.

How nice it is to be able to buy strawberries with stems; they are so good for breakfast, served with a little mound of powdered sugar for dipping.

While there is nothing wrong with good old strawberry shortcake, here are some new ways to use this delicious fruit.

PILED HIGH STRAWBERRY PIE

19" pie shell
1 1/2 qt. strawberries
1/4 c. sugar
2 tbsp cornstarch
1 1/4 c. water

1/3 c. currant or strawberry jelly

Bake pie shell and let cool. Combine sugar and cornstarch in saucepan and add water gradually. Cook, stirring constantly until mixture comes to a boil and thickens. Add jelly and a few drops of red food coloring and boil one minute. Let mixture cool while filling pie shell, stirring occasionally. Arrange layer of berries in pie shell and spoon about 1/2 c. glaze over berries. Add remaining berries and spoon and brush remaining glaze over the top. Chill at least 2 hours. Decorate with whipped topping.

STRAWBERRY SORBET

1 qt. berries
1/2 c. water
1/4 - 1/2 c. sugar
1 egg white lightly beaten (optional)

In blender or food processor, puree berries, water and 1/4 c. sugar. Taste for sweetness and add additional sugar if desired. Pour into chilled shallow metal pan and freeze solid. Spoon into blender or food processor and puree to mush. Freeze.

Repeat mush-freeze process three more times until texture is smooth. Freeze in covered container. For an extra light sorbet, include egg white in last pureeing just before final freeze.

STRAWBERRY CRISP

1 qt. strawberries, sliced
1 c. flour
1 tsp. baking powder
1/2 tsp salt
1/4 c. butter or margarine, melted
1/3 c. sugar
1 large egg, beaten

Place berries in 8x8 inch pan. Combine egg, flour, baking powder, salt and sugar. Mix until crumbly and sprinkle over berries. Drizzle butter over top. Bake 30 minutes at 350 degree. Serve warm or cool.

STRAWBERRY CREAM CHEESE ICE CREAM

1 8 oz. pkg. cream cheese, softened
1 7 oz. jar marshmallow creme
1 pt. berries, mashed
1 c. whipping cream

Blend cream cheese and marshmallow creme with electric mixer. Add berries and cream. Pour into 9 inch square pan. Freeze until almost firm. Spoon into chilled bowl and beat until smooth. Freeze.

Did you ever wonder who created ice cream in the first place? Word is that it was created over four thousands years ago in China. It was made from overcooked rice, spices, and milk and packed in snow to solidify. The dish was a favorite of nobility and was considered a sign of great wealth.

Poet's Corner Letting You Go

It's hard to do things I don't want to do,
But soon it will be for my own good.
To let go of my dreams and not hang on
Even though I always should.
To watch you leave and not do a thing,
Or just to turn and walk away,
Loving in my heart and knowing in my heart,
That we could both, never stay.
My mind tells me that I'll be all right,
But my heart doesn't seem to agree.
It will be hard cause I still love you so,
And I know that you'll never love me.
Knowing you don't love me, the way I love you,
I'll always love you no matter what I know.
I love you more than anyone I've ever known,
And now I'm letting you go.

Verse or Worse

By Joseph D. Murphy

Are You A Judge?

Some judge a man by the shape of his face
Some judge a man by his color or race
Some judge a man by his display of wealth
Some judge a man by the state of his health
Some judge a man by his station in life
Some judge a man by the choice of a wife
Some judge a man by the cut of his clothes
Some judge a man by the church where he goes
Some judge a man by the way he can fight
Some judge a man by his muscles and might
Some judge a man by the size of his home
Some judge a man by the way that he talks
Some judge a man by the way that he walks
Some judge a man by the look in his eyes
Some judge a man on nothing but size
But before judging others by your set of rules
Remember judging others is the pastime of fools
If you must judge others and some people do
Remember other fools are also judging you.

Doodles From The Tall Timber

Wendell L. Hoover
Park Interpreter

For a second time the men of Charlie's drive crew approach Muskegon and for a second time they no doubt were giving much thought to how they would "blow" in. While a majority of the logging crews would indulge in a wild spree, there were many who would do otherwise. Some went off to further their education at some college and many went home to help with the crops. A common goal was to buy a farm or business and get married and a few more went into the logging business on their own.

July 20, 1891-Got a letter from pa. Think I will go home

till the beans is in. July 21, Charlie give us our pay slip tonight. Stayd in camp. Will go down tomorrow. July 22-Drew 485.65 after my van bill. Put four hundred in Wells Fargo to be send hom(e). Bought new outfit. Calks 3.85 (Boots with spikes in soles and heels) pants 3.00 probably 2 pair) socks 3.00 (Probably 5 or 6 pairs) 2 wool shirts 1.50 1 shirt .60 (light weight cotton), 2 drawers and 2 shirts 3.00 (in 1893, wool underwear drawers and shirts were .75 each) hat 1.50, pacs (felt lined boots) 1.25, 3 mitts .75, extry stuff 4.25. July 23, Tok rest an heded for the Red Dog with

Red, French and McK (McKay?) (What remained was \$62.95) July 28, Had a good time. Tor down loudmouths meat house and fixed his little red wagon. He won't be in no shap to give no one trouble til he mens. July 31, Pa com to git me at Saginaw. Home place looked good. Sent my gear with Charlie to Calcaska to meet his ther in September. One more season an I can by Joes farm an mery Lisha.

Resource Review

Bruce Patrick
Conservation Officer

In response to serious degradation of water quality and riparian rights, the state legislature passed the Inland Lakes and Streams Act (Act 346) in 1972.

Many waterways in the state were being dredged, filled, channelized and otherwise manipulated in a helter skelter, unregulated manner. This resulted in an amalgam of breakwalls, bulkheads, seawalls, ditches, docks, etc., which threatened property values, aesthetic values and the quality of the resource.

In an effort to regulate this problem, the Inland Lakes

and Streams Act sets standards and procedures for undertaking such projects. Section 3 (MCLA 281.953) is the heart of the Act in this regard.

This section requires a permit whenever anyone wishes to do the following below the ordinary high water mark: dredge; fill; construct; enlarge; remove or place a structure; erect, maintain or operate a marina; create, enlarge or diminish an inland lake or stream; structurally interfere with natural water flow; or any work on an artificial canal, ditch, pond, etc., to connect with existing lake or

stream, or within 500 feet of an existing lake or stream.

Some projects are specifically exempted, such as: non-commercial seasonal structures which does not unreasonable interfere with use of the water; reasonable sanding of beaches; agricultural and county drains and other projects.

Permits applications are available at DNR offices or local Conservation Officers. If you are contemplating a project in or near the water and have a question as to whether a permit is required, please call to be sure.
